Changing Lives and Bringing Hope to Families and Professionals

"We are the adoptive parents of a little girl from Romania. I finally feel like I am enjoying her! Her trauma was beyond my understanding. Your book has empowered me to calm her fears during behavioral outbursts. And her behaviors have dramatically de-escalated!"

- Mother to a 7-year-old daughter

"Two weeks ago, I could not go on. Then I got the book and immediately, I understood and I did it. Two weeks later, a miracle has happened. I am now, finally calm and under control - and my daughter has attached to me. This is the first time in 10 years of therapists, doctors, psychiatrists, psychologists, none of whom could help."
